About Me

I am a master's student at School of Aeronautic Science and Engineering, Beihang University, Beijing, China. My research interest lies in the intersection of machine learning and robotics, with a focus on deep learning and its applications in robotics. I am looking forward to exploring reinforcement learning and generative AI for robotics in future researches.

Education

Northwestern Polytechnical University, B.Eng. in Material Science and Engineering Sept 2019 - June 2023

- GPA: 3.6/4.0

Beihang University, M.S. in Aerospace Science and Technology Sept 2023 - June 2026 (expected)

- GPA: 3.8/4.0, supervised by Prof.Kexin Guo, Prof.Xiang Yu, and Prof.Lei Guo

Publications

(* equal contribution)

Awards

Best Student Paper Award (First Author), *IEEE International Conference on Control and Automation (ICCA)*, Reykjavík, Iceland. 2024

Funds

Second-Class Scholarship Beihang University, Beijing, China. 2024

Second-Class Scholarship Beihang University, Beijing, China. 2023

Skills

Coding: Python, Matlab/Simulink, \LaTeX , C/C++ (basic), HTML/CSS (basic)

Language: Mandarin Chinese (native), English (fluent), Japanese (basic)

Hardware: Experienced in building quadrotor hardware modules

Misc.: Electric guitar, skiing, badminton, swimming...
